OBLIQUE RHOMBIC PRISM

CHRISTOPHER BOOTS

ORP

OBLIQUE RHOMBIC PRISM

Oblique Rhombic Prism is a pared-back structure allowing sacred geometry and light to come together as one, with emphasis on simplicity and form. ORP's connecting elements speak to the links between all forms of life.

MATERIALS (素材)

Brass, Iron, Copper, Aluminium, Polymer

FINISHES* (仕上げ)

Mirror-polished brass, black or white powder-coat

DIMENSIONS (サイズ)

Variable

WEIGHT (重量)

Starts at 6 kg
