

METEOR 900

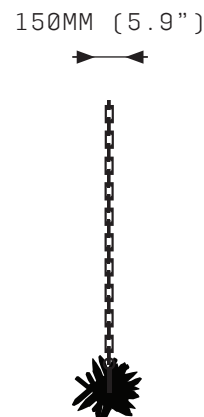

Meteors slash through the sky, dazzling all who witness their strangeness. The ancients revered the sky-fallen as messengers, their sudden appearance heralding momentous times.

METEOR conveys the dynamism and ethereal fire of cosmic matter speeding towards Earth through carefully selected gradations of natural smoky and clear quartz. Warm, dimmable light emanates through the natural crystal, the dramatic glow drawing a fiery streak from shadow.

Meteor is a solid fixture that will require very little maintenance over the years.

If your Meteor is treated with care, it will shine brightly for many years to come.

Quartz is a mineral formed by the Earth. Each crystal piece will be unique due to natural variation of size, shape, colour and clarity.
